ABOUT ME

I am a passionate Python and IoT developer with a strong drive to innovate and explore the exciting intersection of software and hardware. In just a few months of professional experience, I've had the opportunity to work on projects that have deepened my expertise and honed my problem-solving skills. In my short time in the field, I have actively contributed to the development of Iot based smart cart, showcasing my ability to quickly adapt to new tools and technologies. I'm adaptable, driven, and enthusiastic about making a meaningful impact in the world of Python and IoT.
